

# Maren qualifies for Mediavine in a few short months

WHEN BLOGGER BURNOUT HIT, MAREN WASN'T SURE WHERE TO TURN FOR HELP.

She worked hard on recipe testing, taking photographs, and writing for her blog Eating Works. But despite her efforts, she wasn't getting the SEO results she wanted.

*When she heard about the mastermind, she knew that was her next step.*

**Her goals:** Increase traffic to be accepted into the ad network Mediavine and make income from advertising.

**What she learned:** The value of web stories, new SEO strategies, Pinterest management, video creation, and improved photography skills. She now feels more marketable as a content creator.

**Results:** Maren was accepted into Mediavine. Her traffic has increased by 20% every month since.

**What's next:** Double her content and hit new traffic goals of 200,000-450,000 sessions per month. She also plans to redesign her website for a more user-friendly experience.
